

MEMORANDUM FOR THE RECORD

SUBJECT: Discussion with NARS, 24 April 1967

Mr. Angel and Mr. G. Williams suggested our <sup>*attached*</sup> 21 April 1967 draft be amended:

1. Add a sentence or paragraph stating -

"The personnel shall have at the least a "Secret" clearance."

2. The last paragraph should be changed because the people working on the records in storage are responsible for the records in their work area. The Agency may not be but the people cannot ~~be~~ irresponsible.
3. Paragraph (d) and (j) will have to be combined to indicate that the personnel and supervisor are subject to assignments in other areas when their workload permits.
